OIL GAS & MINING

Mr. Anthony A. Gallegos, Reclamation Engineer
UTAH DEPARTMENT OF NATURAL RESOURCES
DIVISION OF OIL, GAS AND MINING
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Mr. Gallegos:

You will find enclosed a copy of a revision of Page 4a from our permit.

I addressed the acreage by adding a note at the bottom of the page indicating that each site is a one acre site and the total disturbed acreage is 34 Acres. If we require a second shaft area in association with I-30 it will be given a distinct number (e.g. I-31 or I-32) and will also be a one acre site. As I mentioned by telephone, we cannot predict whether a second site will be required. Even if one is required it would not be for several years and will not be in our current five year plan. The year in which it becomes part of the five year mine plan, it will be added to an updated Page 4a.

Should you have any questions please contact me at 789-1921, extension 60.

Sincerely,

Terry Tilley
Terry Tilley
Plant Superintendent
